Description

Steps to reproduce :

1.navigate to sign up to "http://127.0.0.1:5004/signup"

2.fill all the fields with valid data

3.enter a long password 20+ letters like (skjdsjlkdjslajdkljdsjH12345)

4.press the backword key to the sign up

expected result :

message error pop up " the passoword is too long "

acutal result :

the page crashed

note : it's might one of two a snowball effect for a too long password or genral bug

footage of the crash :
