Description

Steps to reproduce :

1.navigate to sign up to "http://127.0.0.1:5004/signup"
2.fill all the fields with valid data
3.enter a long password 20+ letters like (skjdsjlkdjslajdkljdsjH12345)

expected result :

message error pop up " the passoword is too long "

acutal result :

succsful loging in and redirected to "http://127.0.0.1:5000" pos page

note : addtinoally it might have been the cause for the app to completely crash when i press the backwork key
